

Think Fun this Spring Term

Mind Lab is the world's leading provider of life skills education for children and schools. Our unique thinking skills programme is available at Crosfields School, for Year 2 as an after-school activity and club, on **Thursdays** during term time.

We are looking forward to seeing our existing and past pupils again. If you are not sure, why not contact us to visit one of our sessions or to arrange a free taster lesson for your child to see if they want to join the **Mind Lab** classes.

The **Mind Lab** after-school programme teaches and improves thinking skills and transference to life skills, whilst having fun playing strategic board games and puzzles.

If, like us, you believe that...

- **games play an important role in children's social and emotional development**
- **learning is most productive when it's fun and "hands-on"**
- **like the body, the mind needs exercising in different ways to flourish**
- **learning to lose is as important as learning to win**
- **thinking and problem-solving tools provide an invaluable framework to tackle life's challenges**
...then you might like your child to join the growing number of children to benefit from **Mind Lab's** fun-packed educational programme.

To register

After-school classes are on **Thursdays for Year 2** with classes from **3.10pm – 4.10pm** at a cost of **£87.50 for 11 sessions**, starting 5th Jan.

Crosfields

MindLab Classes

Thursday
